SCOPE AND INVESTMENT

DESCRIPTION	QTY	RATE	AMOUNT
CF-RD-LANDING-RESCUE Premium Landing Page Rescue Premium Landing Page Rescue (Website Rescue T1). A bounded landing-page rescue that states the offer clearly, is mobile-ready, and routes buyer intent into a working enquiry path. Two structured preview rounds included. 50% deposit before design/build; balance before production release. No SEO ranking or sales-volume guarantees.	1.0	Rs 45,000.00	Rs 45,000.00

Terms and notes

Subtotal	Rs 45,000.00
Grand total	Rs 45,000.00

CorpFlowAI Ltd — commercial terms (standard ERPNext Terms and Conditions)

These terms apply to quotations and invoices issued from ERPNext. They do not replace a signed contract where one exists.

1. **Validity.** This quotation is valid for 14 days from the quotation date unless a different Valid Till date is shown on the document.
2. **Scope.** Scope is limited to the Item names and descriptions on this document. Anything not listed is excluded.
3. **Assumptions.** The client provides timely access, content, brand assets, and decision-makers. Delay in access pauses the delivery clock.
4. **Exclusions.** No SEO ranking, lead-volume, conversion, or revenue guarantees. Third-party hosting, domain, advertising, and software-licence fees are excluded unless a line item says otherwise. Recurring CorpFlowAI fees apply only when a recurring Item is listed.
5. **Payment — MUR project work.** 50% deposit by manual bank transfer before work starts; balance before production release or on delivery acceptance, as stated on the document. Proof-of-payment alone is not bank clearance.
6. **Payment — USD Lead Rescue launch pilot.** Setup is payable before the 48-hour setup window starts. Monthly monitoring, if listed, is invoiced in advance, month-to-month, with no auto-debit in this phase.
7. **Approval to build.** ERPNext documents are commercial records. The fail-closed financial approval-to-build gate remains the CorpFlowAI commercial rail (#714 / #766): quotation + written acceptance + payment evidence (or approved exception) + named financial approver. ERPNext does not auto-approve a build.
8. **Contact.** Commercial documents: finance@corpflowai.com.

Synthetic / test documents carry a TEST-ONLY remark and must not be sent to a paying client.
